Central Hudson Gas & Electric Corporation
COMMERCIAL SYSTEM RELIEF PROGRAM
Application Form

Central Hudson (the "Company") administers a COMMERCIAL SYSTEM RELIEF PROGRAM ("Program") which is being offered by the Company in response to the Commission's order in Case 14-E-0423. This Program will enable eligible customers to reduce their load when called upon by the Company to do so during the capability period of May 1 through September 30. Customers participating in this Program must have an interval based meter or coordinate the installation of an interval based meter through the Company.

To participate in the reservation payment option, customers must be enrolled before May 1. However, if the application is received by May 1 and the Company does not bill the participant monthly using interval metering at the time of application, participation will commence on July 1. The Company will accept applications for participation in the Voluntary Participation Option of this CSRP at any time during the capability period. Metering and communications requirements specified in section C of the tariff must be satisfied to enroll in either option.

Customers must be served under the following Service Classifications: Full Service or Retail Access Customer taking service under Service Classification Nos. 2, 3 and 13, including customers taking Standby Service under Service Classification No. 14 whose parent service classification is Service Classification No. 2, 3 or 13; and to any Aggregator that meets the requirements of the COMMERCIAL SYSTEM RELIEF PROGRAM.

Customers in a location which is eligible for Central Hudson's Targeted Demand Response (TDR) Program are not eligible to participate in the CSRP program. Customers eligible for the TDR program who enroll in the CSRP program will be notified at the time of enrollment and directed to the TDR enrollment process.

Customers must submit this application as evidence of their intent to provide load reduction in accordance with General Information Section 44 – COMMERCIAL SYSTEM RELIEF PROGRAM of the Company's Electric Tariff. Customers wishing to participate in this program must complete this form and return it to *CH.DLM@cenhud.com.*

Participation in the Central Hudson COMMERCIAL SYSTEM RELIEF PROGRAM is voluntary. By signing this form you agree you are the account holder of record or have authority to represent the account holder of record and agree to all the terms of this Program. Customers will be notified in writing by the Company of Program acceptance. Customers may terminate their enrollment in this Program by notifying the Company thirty days before the next month of the capability period.
