

Third Party Designation

An occasion may arise when a customer is unable to respond to a gas or electric disconnect notice. For such instances Central Hudson has a voluntary program which will ensure that someone else—"the Third Party"—is informed of the customer's disconnect notice. This program is especially helpful to the ill, elderly, or someone absent from their home, in preventing unnecessary disconnection of services.

A customer may choose a relative, friend, or representative of a church, community group or social service agency, who will receive the "Third Party Notification" and who can then help ensure that the customer is aware of the problem.

This "Third Party" is in no way responsible for the bill or any part of it. If you would like to take advantage of this service, please fill out this form and mail it to Central Hudson. Be sure to get the signature of the person or agency you have selected as your "Third Party."

This form should be printed out, completed in full and mailed to:

**Central Hudson Customer Account Services
284 South Avenue, Poughkeepsie, NY 12601**
