

FINANCIAL WORKSHEET for DEFERRED PAYMENT ARRANGEMENT

If your Central Hudson account is past due, and you are unable to pay the full amount, you may enter into a monthly payment plan. Under a payment plan, you will be required to pay a downpayment, monthly installments on your arrears and future bills as they are issued.

In order for us to determine payment terms, you will be asked to provide certain personal financial information. This information will be used to determine how much you can afford to pay towards the past-due balance that has accumulated on your account. All payment plans require monthly installments to pay off the past-due charges together with payments for new bills as they are received. Some payment plans also require a downpayment.

This worksheet is designed to help you be prepared for your discussion with us. It outlines the questions our representatives will ask and provides you with a convenient place to record your information.

Contact Us

Print out a copy of this worksheet, and complete it. After you have done so, contact one of our Customer Service Representatives to determine your eligibility for a payment agreement.
