Dear Central Hudson Customer,

We had previously written to you regarding a project taking place in your neighborhood to replace the natural gas mains in the street and service lines that connect individual homes and businesses. As the outbreak of the Coronavirus COVID-19 impacts our communities, we are modifying this work in order to maintain the safety and health of our customers, contractors and employees.

If the service line to your home or building is affected, J. Mullen & Sons, Inc. will contact you to schedule an appointment for its replacement. ***During the pandemic, all work related to this activity will take place outdoors only.*** In the future, when health officials and the Center for Disease Control provide clearance, our representatives will contact you again to schedule the indoor work. At that time, the new service line will be connected to your home or building, and any indoor work will be completed. Also, when cleared to do so by health officials, natural gas meters located indoors will be relocated by Central Hudson or one of our contractors to an outdoor location to improve future access to this equipment by utility personnel. All indoor work will be scheduled and completed only after health officials have provided general clearance to do so.

Any disruptions to your property will be restored by our crews or our professional landscape and paving contractors. If you do not own the home or property, please refer all decisions concerning this work to the property owner.

This work is being performed to improve the safety, reliability, and performance of our natural gas distribution system. We appreciate your patience as we invest in new facilities to better serve your needs. If you have any questions about this activity, please do not hesitate to contact me at (845) 240-3688.

For more information about this important initiative and to view weekly updates for each project, visit [CenHud.com/about-us/projects/Gas-Projects](http://CenHud.com/about-us/projects/Gas-Projects).

Sincerely,

***Come attend our open house informational session hosted by Central Hudson at the City Hall Council Chambers, located at 420 Broadway, on Tuesday, March 10<sup>th</sup>, from 6:00 p.m. to 8:00 p.m., and receive a free natural gas and CO detector!***

February 27, 2020

Dear Central Hudson Customer,

In an effort to improve the safety, reliability, and performance of our natural gas distribution system, Central Hudson has undertaken a comprehensive natural gas main and service replacement program in select communities throughout the Hudson Valley.

As part of this improvement initiative, Central Hudson will be investing in the natural gas system in your neighborhood by replacing the main lines in the street and service lines that connect to individual homes and businesses. Central Hudson is working with our construction partner, J. Mullen & Sons, Inc., to install these new natural gas distribution mains and services.

Replacement of approximately 18,000 feet of gas lines in the City of Kingston is formally set to begin in March and the project is estimated to take 7 months to complete. Construction trenching will occur along:

- Broadway, between Pine Grove Ave and E Chestnut St
- E O'Reilly St, between Broadway and Hasbrouck Ave
- W O'Reilly St, between Broadway and Mary's Ave
- Hoffman St, between Broadway and Mary's Ave
- Andrew St, between Broadway and Mary's Ave
- E Chester St, between Highland Ave and Tammany St
- Tubby St
- Hemlock Ave, between Tubby St and Woodlawn Ave
- Van Gaasbeck St
- Wood St
- Sylvester St, between E Chester St and Van Gaasbeck St
- Garrison St

[www.CentralHudson.com](http://www.CentralHudson.com)

- Grant St
- Lincoln St, between Hooker St and Clifton Ave
- Hutton St, north of Lincoln St
- Hooker St, at the intersection of Lincoln St
- Tammany St, between E Chester St and Flatbush Ave

If your service line is affected, J. Mullen & Sons, Inc. will contact you in the upcoming weeks to schedule an appointment for your replacement. Natural gas meters currently located indoors will be relocated by Central Hudson or one of our contractors to an outdoor location to improve future access to this equipment by utility personnel. For your safety and security, all Central Hudson personnel and contractors wear and display identification badges.

Please note that this entire process may require work to be performed both inside and outside of your home or business. Any disruptions to your property will be restored by our crews or our professional landscape and paving contractors. If you do not own the home or property, please refer all decisions concerning this work to the property owner.

Central Hudson is working closely with your municipal officials in planning this work, such as coordination with paving, restoration, and other planned infrastructure projects. In addition, ***we invite you to attend an open house informational session*** hosted by Central Hudson at the City Hall Council Chambers, located at 420 Broadway, on Tuesday, March 10th, from 6:00 p.m. to 8:00 p.m. There, we will be glad to provide additional information about the project and address questions you or your neighbors may have. We will also be distributing a ***free natural gas and carbon monoxide detector for your home or building***, so please stop by and see us to receive one before leaving.

We appreciate your patience as we invest in new facilities to better serve your needs. If you have any questions about this activity, please do not hesitate to contact me at (845) 240-3688.
