**Come attend our open house informational session hosted by Central Hudson at the City of Newburgh Activity Center, located at 400 Washington St, on Monday, March 9th, from 6:00 p.m. to 8:00 p.m, and receive a free natural gas and CO detector!**

February 27, 2020

Dear Central Hudson Customer,

In an effort to improve the safety, reliability, and performance of our natural gas distribution system, Central Hudson has undertaken a comprehensive natural gas main and service replacement program in select communities throughout the Hudson Valley.

As part of this improvement initiative, Central Hudson will be investing in the natural gas system in your neighborhood by replacing the main lines in the street and service lines that connect to individual homes and businesses. Central Hudson is working with our construction partner, Precision Pipeline Solutions, to install these new natural gas distribution mains and services.

Replacement of approximately 14,000 feet of gas lines in the City of Newburgh is formally set to begin in March and the project is estimated to take 8 months to complete. Construction trenching will occur along:

- Wisner Ave, between Broadway and Dupont Ave
- Maple St, between Wisner Ave and Fowler Ave
- Poplar St, between Wisner Ave and Fowler Ave
- Fowler Ave, between Oak St and Dupont Ave
- White St
- Thompson St
- Vanamee St
- Belknap St
- Dupont Ave, between South St and Hawthorne Ave
- Hawthorne Ave, between Dupont Ave and South St

[www.CentralHudson.com](http://www.CentralHudson.com)

- Larter Ave
- Wilkin St
- Morris Ave
- Orchard St
- Shipp St
- Van Cleft Ave
- Kennedy Pl
- Palatine Ave

If your service line is affected, Precision Pipeline Solutions will contact you in the upcoming weeks to schedule an appointment for your replacement. Natural gas meters currently located indoors will be relocated by Central Hudson or one of our contractors to an outdoor location to improve future access to this equipment by utility personnel. For your safety and security, all Central Hudson personnel and contractors wear and display identification badges.

Please note that this entire process may require work to be performed both inside and outside of your home or business. Any disruptions to your property will be restored by our crews or our professional landscape and paving contractors. If you do not own the home or property, please refer all decisions concerning this work to the property owner.

Central Hudson is working closely with your municipal officials in planning this work, such as coordination with paving, restoration, and other planned infrastructure projects. In addition, *we invite you to attend an open house informational session* hosted by Central Hudson at the City of Newburgh Activity Center, located at 400 Washington St, on Monday, March 9th, from 6:00 p.m. to 8:00 p.m. There, we will be glad to provide additional information about the project and address questions you or your neighbors may have. We will also be distributing a *free natural gas and carbon monoxide detector for your home or building*, so please stop by and see us to receive one before leaving.

We appreciate your patience as we invest in new facilities to better serve your needs. If you have any questions about this activity, please do not hesitate to contact me at (845) 476-6809.
