

Shawn Farrell
Gas Foreman
Gas Operations – Capital Construction

June 1, 2022

Dear Central Hudson Customer,

As an essential provider, Central Hudson maintains critical energy services to our customers, all while continuing to follow COVID-19 safety guidance. As a part of this commitment, Central Hudson is undertaking a comprehensive natural gas main and service replacement program in select communities throughout the Mid-Hudson Valley to address and modernize aging infrastructure. This initiative is part of an effort to improve the safety, reliability and performance of the natural gas distribution system.

We are planning to invest in the natural gas system in your neighborhood by replacing the main lines in the street and service lines that connect to individual homes and businesses. This work will follow health and safety protocols established by health officials.

Central Hudson is working with our construction partner, Granholm Construction, to install these new natural gas distribution mains and services. Replacement of approximately 800 feet of gas lines in the City of Poughkeepsie is formally set to begin in June and the project is estimated to take 4 weeks to complete. Construction trenching will occur along:

- N Clinton St, between Mill St and Mansion St

If your service line is affected, Granholm Construction will contact you to schedule an appointment for its replacement. Please note that this entire process requires work to be performed both inside and outside of your home or business. Natural gas meters currently located indoors will be relocated by Central Hudson or one of our contractors to an outdoor location to improve future access to this equipment by utility personnel. Indoor work will be conducted by trained professionals following current COVID-19 protocols. All Central Hudson employees and contractors display identification badges.

Any disruptions to your property will be restored by our crews or our professional landscape and paving contractors. If you do not own the home or property, please refer all decisions concerning this work to the property owner.

Central Hudson is working closely with your municipal officials in planning this work, such as coordination with paving, restoration, and other planned infrastructure projects. If you have any questions about this activity, please do not hesitate to contact me at (845) 249-5797. ***For more information about this important initiative and to view weekly updates for each project, visit CenHud.com/GasProjects on your browser or at the QR code below.***

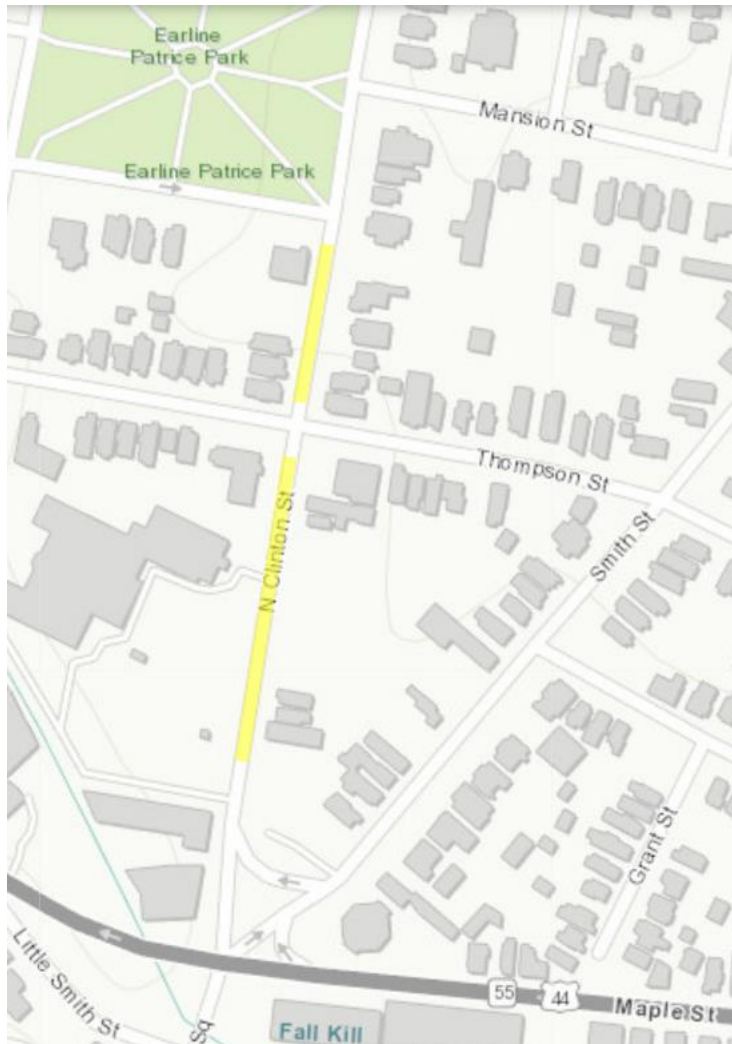

Sincerely,

Shawn Farrell
