Gas Forewoman  
Gas Operations – Capital Construction

*See below for information about joining a virtual informational session regarding this project.*

February 14, 2022

Dear Central Hudson Customer,

As an essential provider, Central Hudson maintains critical energy services to our customers, all while continuing to follow COVID-19 safety guidance. As a part of this commitment, Central Hudson is undertaking a comprehensive natural gas main and service replacement program in select communities throughout the Mid-Hudson Valley to address and modernize aging infrastructure. This initiative is part of an effort to improve the safety, reliability and performance of the natural gas distribution system.

We are planning to invest in the natural gas system in your neighborhood by replacing the main lines in the street and service lines that connect to individual homes and businesses. This work will follow health and safety protocols established by health officials.

Central Hudson is working with our construction partner, Precision Pipeline Solutions, to install these new natural gas distribution mains and services. Replacement of approximately 5,700 feet of gas lines in the Town of New Windsor is formally set to begin in March and the project is estimated to take 4 months to complete. Construction trenching will occur along:

- Quassaick Ave, between Oakridge Dr and Walsh Ave
- Walsh Ave, at the intersection of Quassaick Ave
- Chestnut Dr
- Pine Dr
- Laurel Dr
- Holly Dr

If your service line is affected, Precision Pipeline Solutions will contact you to schedule an appointment for its replacement. Please note that this entire process requires work to be performed both inside and outside of your home or business. Natural gas meters currently located indoors will be relocated by Central Hudson or one of our contractors to an outdoor location to improve

future access to this equipment by utility personnel. Indoor work will be conducted by trained professionals following current COVID-19 protocols. All Central Hudson employees and contractors display identification badges.

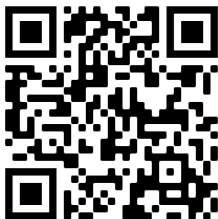

Any disruptions to your property will be restored by our crews or our professional landscape and paving contractors. If you do not own the home or property, please refer all decisions concerning this work to the property owner.

Central Hudson is working closely with your municipal officials in planning this work, such as coordination with paving, restoration, and other planned infrastructure projects. In addition, we invite you to attend a virtual informational session hosted by Central Hudson on Wednesday, March 2nd, starting at 5 p.m. A presentation about the project will be shared and we are happy to address questions you may have. ***To register, please send an email to [jmaserjian@cenhud.com](mailto:jmaserjian@cenhud.com) including the words 'New Windsor' by February 28th and a meeting link will be forwarded on the day before the session.***

If you have any questions about this activity, please do not hesitate to contact me at (845) 240-3688. ***For more information about this important initiative and to view weekly updates for each project, visit [CenHud.com/GasProjects](http://CenHud.com/GasProjects) on your browser or at the QR code below.***

Sincerely,

Stefanie Pola
