

# HIGH EFFICIENCY COMMERCIAL BUSINESS

## Natural Gas Equipment Rebates

Save energy with this high efficiency commercial program. Incentives are provided to reduce the cost difference between standard efficiency and high efficiency equipment.

### Rebate Application

Central Hudson Gas & Electric provides rebates to commercial business customers (including non-profits, institutions, municipalities and other organizations) for installing high efficiency equipment that meets program requirements. Equipment must be installed by a participating Central Hudson Trade Ally, all of whom are listed on [CentralHudson.com/tradeallies](http://CentralHudson.com/tradeallies). To receive your rebate, please fill out this form completely.

#### PLEASE SUBMIT THE FOLLOWING ITEMS:

- ☐ A copy of your dated sales receipt from a Central Hudson Trade Ally
- ☐ A manufacturer's specification sheet, including model numbers and performance ratings (provided by your Trade Ally)
- ☐ A completed Federal W-9 form

#### MAIL TO:

**Central Hudson Rebate Center**  
**980 Beaver Creek Drive**  
**Martinsville, VA 24112**

(Please do not send this form with your utility bill payment)

## Terms & Conditions for Commercial Business Customers

1. Equipment and services must be installed Jan. 1, 2025, through Dec. 31, 2025.
2. Work must be completed by a participating Central Hudson Trade Ally.
3. Incentives are available for non-residential gas and electric customers of Central Hudson.
4. It is the responsibility of the customer to ensure that all requirements for the rebate are met and that all required documentation is provided.
5. Rebate payments will be based on the equipment purchase date.
6. Failure to provide any of the required information will prevent processing of the application.
7. Central Hudson reserves the right to review the installations in order to ensure compliance with all program requirements. Central Hudson may choose to review locations to verify completion of the projects and to measure and verify energy savings. Such reviews will be made at a time convenient to the applicant, with advanced notice given to the applicant. Misrepresentation of installation location or measure eligibility may result in forfeiture of the incentive award.
8. Program procedures, requirements and rebate levels are subject to change or cancellation without notice.
9. One rebate check will be issued to the customer for each approved and completed application. Where applicable, a separate check will be issued to the contractor for each approved and completed application.
10. Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
11. The customer is urged to seek appropriate consultation concerning any tax liabilities that could be associated with the receipt of the rebate.
12. The customer verifies that they have not received any other incentives from any other state programs for the same equipment for which a rebate is being requested in this form.
13. Central Hudson is entitled to 100% of the energy benefits associated with the rebated measures, excluding the value of energy cost savings realized by the customer.
14. Central Hudson assumes no responsibility for the performance of the equipment and equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the Trade Ally.
15. The equipment must be purchased new and installed at the above listed customer location.
16. The customer hereby relieves and indemnifies Central Hudson of any and all liability associated with this project.
17. The customer understands that he or she may be contacted by Central Hudson via survey or questionnaire to provide feedback on his or her satisfaction with the program.
18. Information sharing with the New York State Department of Public Service and NYSERDA: Customer of Central Hudson agrees and authorizes the utility's sharing of the participant-customer's information and/or project-level information with New York State Department of Public Service Staff and NYSERDA, including its agents or authorized representatives, consistent with NYSERDA's New York State Public Service Commission and statutorily authorized responsibilities, including, but not limited to, supporting market development initiatives, and other evaluation and measurement activities. (For clarity, the term "project level" includes the information based on the scope of the project, including, but not limited to, aggregated and anonymized whole building, building or subsets of the project.)

**By signing this application, the customer agrees to the terms and conditions of this document. The customer hereby consents to the utilization and release of his or her energy consumption data and usage by Central Hudson and/or its designees, including program administrators and evaluation contractors. These administrators and contractors are obligated to Central Hudson to keep customer information confidential. The release and usage of data will be only for program evaluation, program eligibility determination, energy savings purposes and analysis and will be kept confidential.**

## Gas Equipment Measures and Rebates

Central Hudson Gas & Electric has evaluated and qualified energy-saving measures listed on this page. For an energy efficiency measure to be eligible, it must meet the minimum program requirements. If you have questions or need assistance, please call 800-515-5353 or visit [CentralHudson.com/Incentives](https://CentralHudson.com/Incentives). Please ensure that the product meets the standards in the table below. Trade Ally should complete this side of the application.

Measure	Rebate Amount	Manufacturer's Specification Sheet Required	Heating Capacity (KBTU/hr)	Manufacturer	Model #	Serial #
Furnace – Tier 1	\$300	AFUE ≥ 90%				
Furnace – Tier 2	\$600	AFUE ≥ 95%				
ECM <sup>†</sup> Furnace Fan <sup>‡</sup>	\$200					
Water Boiler	\$850	AFUE ≥ 90%; < 300 KBTU/hr				
Water Boiler	\$1,400	AFUE ≥ 90%; ≥ 300 & < 500 KBTU/hr				
Water Boiler	\$1,800	AFUE ≥ 90%; ≥ 500 KBTU/hr				
Steam Boiler	\$250	AFUE ≥ 82%; < 300 KBTU/hr				
Steam Boiler	\$600	AFUE ≥ 82%; ≥ 300 & < 2500 KBTU/hr				
Steam Boiler	\$2,000	AFUE ≥ 82%; ≥ 2,500 KBTU/hr				
Boiler Reset Control	\$125	< 300 KBTU/hr				
Boiler Reset Control	\$200	≥ 300 KBTU/hr				
Indirect Water Heater	\$250					
Smart Thermostat <sup>§</sup>	\$20	Listed on sales receipt	N/A			N/A
<b>Total Rebate Amount Requested</b> (Incomplete information will delay or disqualify your rebate.)	\$					

AFUE—Annual Fuel Utilization Efficiency • ECM—Electronically Commutated Motor

<sup>†</sup> An Electronically Commutated Motor (ECM) is a brushless DC motor with all of its speed and torque controls built in. This allows the motor to adjust its speed to ensure optimal airflow at all times. In addition, ECMs are considerably quieter and less expensive to operate than conventional furnace fans.

<sup>‡</sup> Installed by a contractor at the time of furnace or boiler replacement.

<sup>§</sup> If an ECM is installed on a gas furnace, it must be listed on the AHRI certificate. Max two smart thermostats per application per calendar year.
