

New York State Affordable Multifamily Energy Efficiency Program Participating Contractor Application

Thank you for being an applicant (Applicant) to participate as a Participating Contractor (PC) in the New York State Affordable Multifamily Energy Efficiency Program (Program) Participating Contractor network (Network). You must follow the instructions provided for by this Participating Contractor Application (Application) in order to belong to the Participating Contractor Network.

Please follow the steps below:

1. Submit this Application when completed and signed to the implementation contractor (IC) designated by your utility (contact information below). If Applicant works in an area with multiple utilities, then Applicant may submit this Application to any one of the utilities. The utility must be one of the following: **Central Hudson Gas & Electric Corporation (Central Hudson), Consolidated Edison Company of New York, Inc. (Con Edison), Niagara Mohawk Power Corporation d/b/a/ National Grid (National Grid), National Fuel Gas Company Distribution Corporation (National Fuel Gas), New York State Electric & Gas Corporation (NYSEG), Rochester Gas and Electric Corporation (RG&E), and Orange & Rockland Utilities, Inc. (Orange & Rockland)**. For PCs, the information provided by Applicant will be uploaded to the statewide program list of participating contractors, which will be found on utility webpages for this program. Customers will be able to access the list and find PCs in their area for the upgrades that they want to make.
2. Attach the following paperwork to this Application when completed::
 - a. *Certificate of insurance from Applicant's insurer.*
 - b. *Copies of Applicant's current New York State licenses (i.e., licenses to perform work in New York State, such as electrician's license, plumbing license, etc.)*
 - c. *Completed W-9 form*

If you have any questions, comments, and/or need clarifications regarding the documents necessary to complete this Application, then please contact the designated IC.

Best regards,

The Program Support Team

New York State Affordable Multifamily Energy Efficiency Program Participating Contractor Application

Agreement and Signature

By submission of this Application, Applicant subscribes and affirms under penalties of law that the statements made in this Application for inclusion to the Participating Contractor Network have been examined and are true and correct to the best knowledge and belief of Applicant. Applicant affirms that no person or entity named in this Application is subject to disqualification under the laws, requirements and guidelines of New York State unless herein stated. Applicant consents to any inquiry to verify, confirm, or supplement the information herein. Applicant understands that this Application is not a guarantee of work related to the Program. Applicant acknowledges that as a Participating Contractor that Applicant will act as an independent entity and will not be in any contractual agreement with any of the utilities associated with the Program: Con Edison; National Grid; NYSEG; RG&E; National Fuel Gas; Central Hudson; and Orange & Rockland, and/or their ICs to provide any work to customers. In addition to this Application, a utility's relationship with Applicant as a Participating Contractor shall be as may be set forth by a Participating Contractor Agreement between such utility and a Participating Contractor, which provides for the parameters of the relationship between a Participating Contractor and a utility, in each case. Among other things, when selected by customers, Participating Contractors will enter into contracts directly with customers to perform work under the Program. In addition, without limitation, Applicant understands that Applicant now and as a Participating Contractor will, to the fullest extent permitted by law, indemnify, defend (at the option of the applicable utility) and hold harmless the applicable utility(s), its officers, employees and affiliates from and against any and all liabilities arising from: (a) death or injury to any person or damage to property (either real, personal or otherwise), or otherwise, in connection with Applicant's participation as a Participating Contractor; (b) allegations that, if true, would constitute a breach of any of a Participating Contractor's representations and warranties made to a utility; (c) breach of any applicable confidentiality and/or data security requirements; and (d) any third party claims that relate to the provision of services and/or deliverables to customers or the applicable utility (including, without limitation, any Participating Contractor property or third party materials incorporated into deliverables or required in order for customers to use deliverables or services). Further, and without limitation, Participating Contractor shall assume all liabilities, attorneys' fees and other costs incurred by the applicable utility(s) arising out of any effort to enforce the indemnity provided by Participating Contractor. Applicant agrees that the utilities and their ICs may provide the information in this Application and associated documents to other utilities and ICs under the Program.
