

Plug into a **better future**

People. Power. Possibilities.
Central Hudson
A FORTIS COMPANY

Charging your EV during off-peak hours will help to alleviate grid stress in your community and reduce greenhouse gas emissions, all while saving money. Make a difference, today and tomorrow.

Our **Residential EV ChargeSmart program** helps you earn with:

- A **\$25 incentive** just for enrolling
- **Incentives and rewards** with off-peak charging and adjusting to high-demand events

Here's how it works:

1. Enroll your electric vehicle or home charger.
2. Central Hudson connects to your enrolled device.
3. Central Hudson will calculate your rewards.

Eligible participants must have a permanent residential address within the Central Hudson service territory, own or lease a registered EV, and have a program-eligible device.

**Potential earnings
in your first year***

\$150

Enrollment Incentive:	\$25
Participation Incentive:	\$125

*The above example is illustrative. Actual incentives will vary based on participant charging behavior and monthly savings rates.
