

CURRENT DRUG & ALCOHOL TESTING PROGRAM FOR CONTRACTORS

In order to perform on-site work for this Central Hudson project, the Contractor must comply with the Federal DOT Regulations 49 CFR Part 199, Subpart B and 49 CFR Part 40, as well as any subsequent revisions. These regulations require the Contractor to have a Current Drug & Alcohol Testing Program in place.

The Contractor shall allow Central Hudson Gas & Electric Corporation, the Administrator, and a representative of New York State Department of Public Service, access to property and records.

Failure to comply with Federal DOT Regulations 49 CFR Part 199, Subpart B and 49 CFR Part 40, as well as any subsequent revisions, shall cause the Contractor to be removed from Central Hudson’s bidder list for future projects, as well as potential termination of existing project.
