3.2 The Administrator shall serve as the main Corporation contact for subsidiaries in relation to the administration of equivalent subsidiary policies and shall oversee reporting to the Audit & Risk Committee regarding such matters.

4.0 NO RETALIATION

4.1 The Corporation will not, in relation to the reporting of any Incident under the Policy, permit any form of retaliation or reprisal (including discharge, demotion, transfer, suspension, threat, intimidation, harassment or any other form of discrimination) by any person or group, directly or indirectly, against any Reporter, witness or interviewee who, truthfully and in good faith:

4.1.1 reports an Incident in accordance with this Policy;

4.1.3 provides a law enforcement officer with information regarding the commission or possible commission of an offence, unless the individual reporting is one of the violators; or

4.4 If any person believes that retaliation or reprisal has occurred, that person may submit a complaint pursuant to this Policy within six months after the person knew or ought to have known that the retaliation or reprisal occurred.

5.0 REPORTING INCIDENTS

- 5.1 Incidents must be reported promptly by Reporters to someone who can address them properly. In most cases involving an Employee Reporter, this will be the employee's supervisor.
- 5.2 If an Employee Reporter believes that in the circumstances it would not be appropriate to report an Incident to their supervisor, the Employee Reporter may report the Incident to any officer or other member of the Corporation's management team to whom the person believes it would be appropriate to report the Incident.
- 5.3 Where a supervisor or other member of management receives an Incident report, it must be promptly forwarded to the Administrator.
- 5.4 Suspected fraud or violations of applicable laws should be promptly reported directly to the Administrator.
- 5.5 Employee Reporters not comfortable approaching a supervisor, officer or other member of the Corporation's management team, or Reporters who are not Employee Reporters, should report Incidents using the contact information provided in Section 10.0 below:
 - 5.5.1 to the Administrator;
 - 5.5.2 if they are not comfortable approaching the Administrator or if the Administrator is unavailable and the matter is urgent, to the Chair of the Audit & Risk Committee; or
 - 5.5.3 if a Reporter wishes to remain anonymous when reporting an Incident, through the EthicsPoint system ("**EthicsPoint**") of NAVEX, a third-party provider of confidential, anonymous reporting services, via the internet or by telephone.
- 5.6 Access to Incident reports is strictly controlled and limited to prevent interference with, and ensure the independence, effectiveness and integrity of any ensuing Incident investigation. Upon receiving an Incident report, the Administrator will forward it to the Chair of the Audit & Risk Committee and the Corporation's General Counsel (provided such individuals are not related to or the subject of the Incident). Incident reports received through EthicsPoint are automatically forwarded to the Administrator, Chair of the Audit & Risk Committee and General Counsel, provided however that automatic forwarding of reports to these individuals will be suppressed if the individual is named or implicated in the report.
- 5.7 Where other Corporation policies contain their own specialized reporting procedures, those other procedures should be used whenever possible instead of the reporting procedures herein.

6.0 INVESTIGATION AND OVERSIGHT

- 6.1 The Administrator has been designated an Investigator by the Board and will serve as the Investigator for Incidents of a general nature that are not more appropriately investigated by another person (such as General Counsel of the Corporation). Where an Incident pertains to a matter more appropriately investigated by another person, the Administrator will consult with the Chair of the Audit & Risk Committee and General Counsel to assign an appropriate Investigator to investigate the Incident. No person will be appointed to investigate an Incident where that person is or could reasonably be perceived to be in a conflict of interest, or otherwise not impartial or unbiased in conducting the investigation.
- 6.2 The Investigator will investigate Incidents in an independent, expeditious and confidential manner, taking care to protect the identity of the persons involved (in accordance with Section 8.0 below) and to ensure that the investigation is not impaired in any manner.
- 6.3 The Investigator will contact the Reporter to acknowledge receipt of the Incident report within five (5) business days, where possible.
- 6.4 A Reporter who reports an Incident through *EthicsPoint* will be assigned a unique case identifier and password and should return to the *EthicsPoint* website or call the NAVEX toll-free telephone number once five (5) business days have elapsed after reporting an Incident to assess the response to the report and to answer any follow-up questions.
- 6.5 All Incidents will be promptly investigated, and appropriate corrective action will be taken if warranted by the findings of the investigation.
- 6.6 All persons (including the Reporter) must fully cooperate in the Investigator's investigation. Reporters should not take it upon themselves to conduct their own investigation prior to making a report.
- 6.7 The Investigator may involve other persons in the investigation of Incidents as deemed appropriate (including members of the Corporation's management). The Investigator may agree to authorize an independent investigation and/or to engage the Corporation's outside auditors, outside accountants, external counsel and/or external consultants to assist in the investigation. The Investigator has direct access to the Chair of the Audit & Risk Committee.
- 6.8 The Audit & Risk Committee shall oversee the activities of the Administrator and Investigator(s) and the investigation and resolution of Incidents. All material Incidents, including all Incidents relating to accounting, internal accounting controls or auditing matters, will be promptly reported by the Administrator to the Chair of the Audit & Risk Committee for investigation in cooperation with and under the supervision of the Audit & Risk Committee. The Administrator will report to the Audit & Risk Committee on all other material Incidents once per quarter. The Administrator may periodically report to the Audit & Risk Committee on any other non-material Incidents in the Investigator's reasonable judgment.

6.9 The status, and to the extent possible the outcome, of an Incident investigation will be communicated to the Reporter in a timely manner either through direct communication, if the Reporter provided his or her name, or via *EthicsPoint* if the Reporter wishes to remain anonymous. Responses to anonymous reports made via telephone may be accessed through the *EthicsPoint* website or by calling the NAVEX toll-free telephone number at 1-866-294-5534 and using the unique case identifier and password provided to the Reporter upon reporting the Incident. A Reporter is not entitled to receive investigation reports or to otherwise be informed of the actions taken to address an Incident.

7.0 ACTING IN GOOD FAITH

7.1 A Reporter must act in good faith and have reasonable grounds for believing that the information disclosed is true.

7.2 "Acting in good faith" relates to the Reporter's intentions in making a report. Reports made in good faith but not substantiated upon investigation continue to be considered made in good faith.

7.3 Incidents found to have been made in bad faith, maliciously or which were known to be false when made, will be viewed as a serious offense which could lead to disciplinary action, up to and including termination of employment with the Corporation.

8.0 CONFIDENTIALITY AND ANONYMITY

8.1 All Incident reports will be treated as confidential, and each report and the identity of the Reporter will be kept confidential to the extent permissible by law and feasible to permit proper investigation and resolution. Reports will only be accessible to people that the Investigator determines have a "need to know" and where such access will not otherwise compromise or interfere with the independence, effectiveness and integrity of the investigation. Ordinarily, a need to know arises from an obligation to investigate or to take remedial action based on the information contained in the Incident report. For clarity, sharing Incident information in a manner required by this Policy will not be considered a breach of confidentiality.

8.2 Reports of Incidents must be supported by sufficient information and evidence to enable a proper investigation, particularly in the case of anonymous Incident reports, since the Investigator may not be able to seek further details from the Reporter. Incident reports should include:

8.2.1 the date(s) of the Incident(s);

8.2.2 the identity of individuals and witnesses involved;

8.2.3 a description of the specific actions or omissions that constitute the Incident;

8.2.4 how the Reporter became aware of the Incident;

8.2.5 any steps taken by the Reporter to date with respect to the Incident; and

8.2.6 any materials or documents relevant to support or evidence the Incident.

8.3 While this Policy facilitates anonymous reporting and protects Reporter anonymity, such measures may hinder the effective investigation of an Incident. Also, as a practical matter, it is possible that the identity of an anonymous Reporter may become known during the Incident investigation or resolution or may be subject to legal disclosure requirements. Therefore, the Corporation encourages Reporters to only report anonymously where necessary, given the inherent difficulty in properly investigating, following up on and resolving anonymously reported Incidents. If a Reporter remains anonymous and does not provide sufficient detail regarding the Incident (as per Section 8.2), the Investigator may not be able to initiate or complete a comprehensive Incident investigation.

9.0 RETENTION OF RECORDS

9.1 Records pertaining to an Incident are the property of the Corporation and shall be retained: (i) in compliance with applicable laws and the Corporation's record retention policies; (ii) subject to safeguards that ensure their confidentiality and, when applicable, the anonymity of the Reporter; and (iii) in such a manner as to maximize their usefulness to the Corporation's overall compliance program.
