Intelligent Mobility

Available, ProPILOT Assist, makes highway driving less stressful⁷

Pace with the car in front of you, maintaining a set distance, while it keeps you centered in your lane, even through slight curves. Come to a stop automatically, and resume, without driver intervention.

e-Pedal Mode, a more natural way to manage traffic.⁶

Accelerating or Braking, using a single pedal, makes dealing with traffic easier.

Come to a complete stop and hold, even on steep hills, without using the brake pedal.

Safety Technology

Automatic Emergency Braking⁸, Standard on all models

It can apply the brakes automatically, to help you avoid frontal collision, or if unavoidable, help reduce the severity.
