

Net Metering for Residential Customers with Farm Operations

Customer Name: _____

Site Address: _____

CH Account #: _____ CH Meter #: _____

Residential customers with farm operations that own or operate photovoltaic electric generating equipment with a rated capacity of not more than 100 kW, all as defined in Public Service Law § 66-j, may supply their electric load and/or sell electric energy to the Company as set forth in General Information Section 3.C of Central Hudson's tariffs.

As per NY CLS Agr & M § 301, "Farm operation" means the land and on-farm buildings, equipment, manure processing and handling facilities, and practices which contribute to the production, preparation and marketing of crops, livestock and livestock products as a commercial enterprise, including a "commercial horse boarding operation" as defined in subdivision thirteen, a "timber operation" as defined in subdivision fourteen [fig 1], "compost, mulch or other biomass crops" as defined in subdivision sixteen and "commercial equine operation" as defined in subdivision seventeen. Such farm operation may consist of one or more parcels of owned or rented land, which parcels may be contiguous or noncontiguous to each other.

Please select the Farm Operation(s) that applies to your utility account listed above.

Contribute to the production, preparation and marketing of:

- Crops _____
- Livestock _____
- Livestock products _____
- Commercial horse boarding operation
- Timber operation
- Compost, mulch or other biomass crops
- Commercial equine operation
