

Brian Sweeney
Gas Foreman
Gas Operations – Capital Construction

February 13, 2019

Dear Central Hudson Customer,

In an effort to improve the safety, reliability, and performance of our natural gas distribution system, Central Hudson has undertaken a comprehensive natural gas main and service replacement program in select communities throughout the Hudson Valley.

As part of this improvement initiative, Central Hudson will be investing in the natural gas system in your neighborhood by replacing the main lines in the street and service lines that connect to individual homes and businesses. Central Hudson is working with our construction partner, Precision Pipeline Solutions, to install these new natural gas distribution mains and services.

Replacement of approximately 7,000 feet of gas lines in the Village of Cornwall is formally set to begin near early May of this year, and the project is estimated to take 4 months to complete. Construction trenching will occur along:

- Hudson St, between Maple Ave and River St
- Payson Rd, between Hudson St and Boulevard
- Dennis Pl
- Taylor Pl, between Lafayette St and Washington St
- Washington St, between Taylor Pl and Elpis St
- River St, between Hudson St and Hedges Ave
- Cornwall Ave, east of River St
- Hudson Ave, between Grandview Ave and Cornwall Ave
- Grandview Ave

If your service line is affected, natural gas meters currently located indoors will be relocated by Central Hudson or one of our contractors to an outdoor location to improve future access to this equipment by utility personnel. For your safety and security, all Central Hudson personnel and contractors wear and display identification badges.

Please note that this entire process may require work to be performed both inside and outside of your home or business. Any disruptions to your property will be restored by our crews or our professional landscape and paving contractors. If you do not own the home or property, please refer all decisions concerning this work to the property owner.

Central Hudson is working closely with your municipal officials in planning this work, such as coordination with paving, restoration, and other planned infrastructure projects. In addition, we invite you to attend an open house informational session hosted by Central Hudson at Cornwall Village Hall, located at 325 Hudson St, on Tuesday, February 26th, from 6 p.m. to 8 p.m. There, we will be glad to provide additional information about the project and address questions you or your neighbors may have.

We appreciate your patience as we invest in new facilities to better serve your needs. If you have any questions about this activity, please do not hesitate to contact me at (845) 476-6809.

Sincerely,

Brian Sweeney
